

Student Name: _____ Student ID#: _____

COUNSELOR RECOMMENDATIONS

Established nearly 20 years ago, the Bio-Med program offers students hospital rotations and certifications in EMT, CNA, CMA, HHA, EKG Tech, Phlebotomy and Pharmacy Tech. Each year we accept approximately 50 students. The process to get into the program is competitive with GPA, state assessment scores, teacher recommendations, and counselor recommendations being used to select students.

This year's applications and recommendations for North High School's Bio-Med Program will be completed through Google Docs. The student that gave you this needs a recommendation from you in order to apply for this program. We thank you for taking time out of your busy schedule to fill this form out for your student. This form will take between 5 and 10 minutes to complete.

- To fill out your recommendation form, open a web browser and type in the following url into the address bar: tinyurl.com/biomedcounselorref
- Follow the instructions and fill out the form completely.

**APPLICATIONS AND RECOMMENDATIONS ARE DUE ON OR BEFORE:
DECEMBER 2, 2019 (if applying to shadow) or FRIDAY, JANUARY 17, 2020 (not shadowing).**

If you have any questions, please call or email J.J. Lawrie at 973-6213 or jlawrie@usd259.net.
